State Highway 45 at Parmer Lane (approximately 18 acres) is located in Williamson County at the intersection of SH 45 and Parmer Lane. This area includes the eastbound lanes of SH 45 on either side of the intersection with Parmer Lane (approximately six tenths of a mile of right-of-way). The westbound lanes north of this area are in the city's full purpose jurisdiction and due to recent construction of additional lanes at this location; portions of the ROW extend beyond the existing city limits into the city's ETJ. This annexation would bring the balance of the lanes along this portion of the road into the city's full purpose jurisdiction and increase efficiency in the delivery of public safety services to this area.
